Hi GregO,

Hope you are doing well. We need to get together for a beer sometime!

I need a favor. Can you send me the a copy of the latest Pavillion database (XXX.mdb) you have? I want to compare it to what I have and make sure I am starting with the latest version, before we get started on any upcoming work. We do not have a TDF for the work yet, I'm just making sure everything is in order.

Thanks!
